

I am a regular listener of KLOVE. I have a great satisfaction in knowing that my 3 & 4 yr. old children have a family friendly radio station to listen to that reflects my values. I am a financial supporter of KLOVE and I can allow my preschoolers to listen to this without my supervision. If you take it away, there will not be a station I can feel secure about. I also use KLOVE to find out what activities I can take my family to around town. Thank you.
